

One to One

Someone to help me.....

One of the things that can really help us on any journey is someone who will walk along with us. When we are walking alone, a journey can seem very long, and the hills and obstacles can appear to be beyond us. But somehow when you walk with someone else, the journey, however long it is, seems to be an easier one.

In the same way our journey as a follower of Jesus is often helped if someone “walks with” us.

There's some one to help

Some people within our church have offered themselves to be available to “walk with” someone, by meeting them one to one, and spending time to help. All the help is in confidence. You and your helper decide when, where, how often and for how long you meet.

All you have to do is ask

If you would like someone to support you at the particular stage you are in your walk as a follower of Jesus, this could be an opportunity for you. The offer is for help at the stage where you are.

A number of people in the church are already benefiting from this kind of “one to one”, and are enthusiastic about how it has helped them. We are now in a position to give this sort of support to more people. All you have to do is to ask!
